MESSAGE FROM OUR LEADERSHIP

The past year has been a period of learning, service and visible impact for Testimony Genesis Foundation. Through the commitment of volunteers, supporters and community leaders, we were able to respond to real needs affecting children, families and vulnerable groups.

Our work focused on practical support — providing learning materials to students, supporting healthcare facilities, improving access to safe water and standing with communities during times of need. Each activity reminded us that meaningful change often begins with small, consistent actions.

We are grateful to every individual and partner who contributed time, resources and encouragement. Your support made it possible to reach communities that would otherwise remain underserved.

As we move forward, we remain committed to expanding our reach responsibly while preserving the trust placed in us by the communities we serve.

Benjamin Osei

Executive Director, Testimony Genesis Foundation

WHO WE ARE

ABOUT THE FOUNDATION

Testimony Genesis Foundation is an international non-profit humanitarian organisation founded in Ghana in 2024. Committed to creating lasting change in underserved communities across Africa. Through initiatives focused on education, healthcare, and community development, the foundation works to uplift vulnerable children, families, and individuals while promoting dignity, hope, and opportunity.

OUR MISSION

To uplift underserved communities across Africa by strengthening education, advancing healthcare, and delivering compassionate humanitarian support.

OUR VISION

To see empowered, self-reliant communities where children and families have the opportunity to grow, succeed, and live with dignity and hope.

OUR APPROACH

We focus on direct impact projects — small but meaningful interventions that solve immediate community challenges while building long-term wellbeing.

IMPACT HIGHLIGHTS

EDUCATION SUPPORT PROGRAM

Supporting Learning for School Children

Many students in underserved schools face difficulty continuing their education due to lack of learning materials. Limited access to books affects both participation and confidence in the classroom. The foundation organised learning material distribution exercises in selected schools to support pupils with essential educational resources. These interventions encouraged school attendance and enhanced student participation during lessons.

Impact

- Improved access to learning materials
- Increased student participation
- Reduced burden on parents

HEALTHCARE SUPPORT PROGRAM

Strengthening Local Healthcare Services

Some local health facilities operate with shortages of essential equipment, affecting the quality and speed of care delivery. The foundation donated medical equipment to a community hospital to improve its capacity to provide treatment and attend to patients effectively. The support enabled healthcare workers to deliver services with greater efficiency and improved patient care conditions.

Impact

- Improved treatment capacity
- Better healthcare delivery
- Enhanced patient support

Donations of Medical Equipment

Biemso, Ashanti Region, Ghana.

COMMUNITY WATER PROJECT

Improving Access to Clean Water

Access to safe drinking water remains a challenge in several rural communities. Residents often travel long distances to obtain water from unsafe sources, exposing families to health risks. The foundation supported the drilling/restoration of a community borehole to provide reliable clean water. The project significantly reduced water-related hardship and improved sanitation conditions

Impact

- Access to safe drinking water
- Reduced health risk from unsafe water
- Improved daily living conditions

COMMUNITY OUTREACH & WELFARE

Standing With Communities

Beyond structured projects, the foundation continued to engage communities through welfare visits and support activities. These included engagement with families, children and vulnerable individuals to understand their needs and provide assistance where possible.

These interactions strengthened trust and ensured that support reached those who needed it most.

Impact

- Strengthened community relationships
- Encouraged social inclusion
- Provided emotional and material support

BENEFICIARY EXPERIENCE

A school pupil expressed appreciation after receiving learning materials, explaining that access to books helped improve understanding during lessons and increased confidence in class participation.

Community members also indicated that access to clean water has reduced the daily burden on households and improved hygiene conditions.

Such feedback demonstrates the importance of small but consistent interventions in community development.

PARTNERS & VOLUNTEERS

The foundation acknowledges the contribution of volunteers, community leaders, teachers, health workers and donors whose cooperation made each activity possible.

Community participation remains central to the success of every intervention undertaken.

FINANCIAL SUMMARY

Sources of Support

- Individual Contributions
- Member Support
- Community Donations
- Partner Assistance

Use of Support

- Education Support Programs
- Healthcare Assistance
- Water Projects
- Community Outreach Activities
- Operational Costs

APPRECIATION

We sincerely thank all supporters, volunteers and community partners who contributed to the work of Testimony Genesis Foundation during the year.

Your support continues to bring practical help and hope to many individuals and families. We look forward to expanding our impact responsibly in the coming year.
